LB 108, 754, 1114, 1255, 1375

"hydrologically connected" ground water which should appear throughout when we're talking about this particular conjunctive use. I don't think there's anything else in here that's really worth mentioning, 11 and 12, 11 corrects a reference, 10 makes a word plural instead of singular. Everything else follows, I think, from what I described to you before. So I would ask the adoption of the technical amendments.

PRESIDENT ROBAK: Thank you, Senator. Is there any further discussion of the Beutler amendment? Seeing none, Senator Beutler to close. Closing is waived. The question before you is the adoption of the Beutler amendment to LB 108. All those in favor vote aye; all those opposed vote nay. Please record.

CLERK: Madam President, may I read some items, please?

CLERK: Senator Bernard-Stevens would like to print amendments to LB 754 and LB 1114; and Senator Hilgert, amendments to 1255; and Senator Bromm to LB 1375. Madam President, that's all that I have. (See pages 1867-68 of the Legislative Journal.)
